**AUTHORITY / REGULATOR**

Nationally Recognised Training is regulated by the Australian Skills Quality Authority (ASQA), which is the national regulator for Australia's vocational education and training sector.

LEARNING OUTCOMES

The expected learning outcomes for the Nationally Recognised Training unit MEM11011B Undertake manual handling are:

- Lift materials manually
- Move/shift materials manually

RECOMMENDED SKILLS & KNOWLEDGE

In order for ERGT to deliver the training and assessment in the timeframe specified for this course, it is desirable (but not mandatory) that trainees come to the course with a range of skills and knowledge as listed:

- working and communicating in teams
- assessing risks
- planning work
- reading and interpreting routine information on written work instructions, job specifications and standard operating procedures. This may include drawings.
- following verbal instructions
- safe work practices and procedures

If you do not have the desired skills and knowledge listed above, ERGT recommends attending the Common Safety Training Program (CSTP) or similar industry induction course.

STRUCTURE & ASSESSMENT

This program encourages candidates to practically demonstrate and apply skills and knowledge to realistic work activities. Trainees will demonstrate their competence through practical exercises and written assessments.

CERTIFICATION

Upon successful completion trainees will be issued with a Statement of Attainment in:

MEM11011B Undertake manual handling

SKILLS MAINTENANCE

In alignment with industry expectations and to ensure ongoing competence and capability, ERGT recommends skills maintenance be conducted every 2 years.
