

RTO 2534

LET - LEAD EMERGENCY TEAMS

The purpose of ERGT Australia's Lead Emergency Teams course is to train and assess individuals who are required to assess the emergency and determine and coordinate responses, including rescue of personnel at risk, and containment of the emergency. This course will provide them with the skills and knowledge required to lead and coordinate an emergency team, including deployment of resources at the scene of an emergency.

The individuals attending this course would be normally nominated to assume the responsibility of emergency team leader.

Locations	Perth, Melbourne & Darwin
Duration	3 Days
Outcomes	Statement of Attainment in:

Authority / Regulator

The Australian Skills Quality Authority (ASQA) is the national regulator for Nationally Recognised Training delivered by Australia's vocational education and training sector.

Learning Outcomes

The expected learning outcomes for the Unit of Competency PMAWHS311 Lead emergency teams are:

- Assess the nature and extent of the emergency
- Effect rescue of personnel at risk
- Confine the spread of emergency

ERGT Required Skills & Knowledge

In order for ERGT to deliver this course in the time frame specified, trainees are required to come to the course with a specific range of skills and knowledge. Evidence of these must be verified prior to course commencement. ERGT requires evidence of the following Nationally Recognised Training in order to undertake this course:

Fire Prevention and Fire Fighting (Table A-VI/1-2) OR

PMAWHS213 Undertake fire control and emergency rescue (or equivalent) and

MSMWHS216 Operate breathing apparatus (or equivalent)

ERGT Recommended Skills & Knowledge

Trainees should be current members of an existing Emergency Response team who practice the skills and knowledge delivered in the required certification/s (listed above).

Additional Requirements

Please read AS/NZS 1715 Appendix B: Facial Seal of Respirators. You will not be able to meet competency if you do not comply with the requirements of the standard. Please contact ERGT if you require further clarification.

Structure & Assessment

This course is delivered through classroom presentations, group discussions, as well as practical demonstrations and exercises within a simulated workplace environment using specialised equipment. Trainees will be assessed through direct observation of practical exercises demonstrating set criteria.

Certification

Upon successful completion trainees will be issued with a Statement of Attainment in:
PMAWHS311 Lead emergency teams

Skills Maintenance

In alignment with industry expectations and to ensure ongoing competence and capability ERGT recommends skills maintenance be conducted every 2 years.
