WSAH – WORK SAFELY AT HEIGHTS

The purpose of ERGT Australia's Work Safely at Heights course is to train and assess individuals to ensure that they have the knowledge to identify height safety work requirements and skills to follow procedures. On completion of the course, trainees will be able to inspect, use and maintain a variety of heights safety equipment in line with industry best practice and safely conduct work tasks at height.

This course is designed for individuals who require the skills to work at height and hold competencies to undertake work roles across all industry sectors. The individuals attending this course are experienced workers, or workers receiving additional training required by their employer to suit company needs.

Locations	Perth, Darwin & Melbourne
Duration	3 Days
Outcomes	Statement of Attainment in:
Please see Certifications section for detail	RIIWHS204D Work safely at heights

Authority / Regulator

Nationally Recognised Training is regulated by the Australian Skills Quality Authority (ASQA), which is the national regulator for Australia's vocational education and training sector.
